

THE INTERIOR JOURNAL.

VOL. XXXIII.

STANFORD, KY., TUESDAY, SEPTEMBER 12, 1905.

NO. 55.

KIDD'S STORE.

Miss Blanch VanDeveer, of Stanford, is principal of Riffe Academy, our high school.

R. S. Bohon, of Decatur, Ill., was a flying visitor to our town, having stopped off to escort home his son, Cecil, who spent the summer with kinsfolk.

After canvassing the popular educational institutions of the country it has been determined that there is no better place for our boys and girls than Stanford. May it ever be thus.

Thomas Raines, a minor, of Hartwell, and Miss Stella Mayes, sweet 16, of this place, surprised their parents and friends by slipping over the State line into Tennessee and obtaining marriage license. They refrained from taking into confidence even attendants and their plans evince veteran tactics.

Our censors of matters social, economic, religious and political, national and international, have finally reached a harmonious decision of the till last week paramount subject of Russo-Japanese war, and as soap boxes and nail kegs are shifted to assure benefit of best shade, the absorbing theme now is Henry McKinney's rumored disgust with celibacy reaching beyond the meridian of life, and his determination to risk uxorial possibilities. Henry's selection is commended and his temerity admired. The conventional charavari is assured if Madame Gossip touts the winner.

John Smiley is in the predicament of a noted biblical character whose farm products demanded additional storehouses. After building the best tobacco barn in the State in anticipation of an average crop of tobacco, he finds it imperative to provide almost a duplicate for his big yield. So of many other growers on a smaller scale. Farmers have been forced to constructaries from which to locate the milk cows when browsing in thickets of colossal ragweeds which cover the pastures. If they chance to be ruminating at milking time search parties are deployed in absence of serviceable aeroplanes.

George Tucker and wife's periodical census of poultry disclosed distressing inroads, promising early extermination without relief. Aroused by a commotion in the henry they hurried to the scene, flushing a brace of men instead of the suspected marsupial, and three charges of lamentably small shot from a pump gun penetrated only deep enough to stimulate a speed which a champion sprinter might rival. Reaching their horses they dashed up the pike at a clatter which awoke sleepers and betrayed their course on taking a bypath, along which the trail was easily followed and the thieves identified. Learning that the sheriff was in pursuit they skipped, after directing a friend to their depot in the woods, with instructions to turn the chickens out of the coops, in which they were watered and fed till convenient to sell them to hucksters. Mr. T. was guided to the depot and recovered his property. The thieves have joined Kentucky's colony of fugitive felons under Indiana's mantle of condonement and protection. A vote of thanks to Mr. Tucker for his services to poultry raisers of the vicinity are due, especially as he made the campaign in night shirt and barefoot.

The County Fair.

Three Jersey cows, a popcorn booth, a reaper and a planter, A 240 pace, ten patchwork quilts, a fakir with his banter, A six-legged calf, two special cops, 12 sheep just bred for mutton, The dining hall, a pony race, the prevalent photo button, A patent churn, red lemonade, a band in mixed regalia, A 100 teams, glad candidates, a salve for all that ails ye, A man who sells you county rights, some poultry that's in cages—The county fair is here again, and on all sides it rages.

Critically Ill.

Many people are critically ill, as a result of disturbance of their digestive functions, and don't know it. If you are suffering from dizziness, heartburn, wind, loss of appetite, irritability, headache, nausea, colic, constipation, waste no time, but take Dr. Caldwell's (laxative) Syrup Pepsin. It may be the means of warding off a dangerous sickness. At any rate, it will surely make your distressing, disreputable symptoms disappear. It is safe, certain and pleasant. Try it. Sold by G. L. Penny, Stanford, and C. W. Adams, Hustonville, at 50c and \$1 Money back if it fails.

L. B. Weisenburg, who several years ago left Frankfort, owing banks approximately \$50,000, has settled with his creditors, and will return to Frankfort to live.

Samuel Horn, the 13th member of the family of Abraham Cripe, in Fulton county, Ind., to meet with a violent death, was killed while hauling logs.

IN NEIGHBORING COUNTIES.

J. C. Bigger, of Harrodsburg, in a fit of despondency committed suicide at Richmond.

Lee Doss, for assaulting R. H. C. Mitchell in Boyle, was held in \$500. He failed to give bond.

There was a hung jury in the case of Powell Carroll for the murder of John Fannon in Whitley county.

J. E. Houk has sold his interest in the stock of general merchandise of Houk & Adams to his partner, J. T. Adams.—Mt. Vernon Signal.

Marvin H. Adams and W. Reed Embury have leased the Danville Opera House from Maj. E. W. Lillard for this season and will take charge immediately.

The Anderson county grand jury withdrew the indictment against William H. York for the murder of his brother, James R. York, and returned a joint indictment against William H. York and James Bass, alleging conspiracy. A special term of court will be called in October to try the case.

The home of the late William Stigall, near Perryville, was burned to the ground, together with nearly all of the contents. The fire originated from a defective flue. The loss will probably reach \$3,500 with \$1,600 insurance. A new building will be erected at once on the same site where the old one stood.—Advocate.

HUSTONVILLE.

C. C. Carpenter is in Zion City for a month's stay.

Hustonville defeated Middleburg's ball team on Saturday 5 to 3.

I have for sale a good water mill, capacity 175 bushels corn, 75 bushels wheat per day, with dwelling, storehouse and land to suit purchaser. Price and terms right. Call in or address W. R. Williams.

Mrs. Charles Wheeler, of the Emporium, and Mrs. Naomi McCarty, of Mt. Salem, have gone to Cincinnati for the purchase of Fall and Winter goods for their respective houses. Mrs. Virginia Owsley, of Bradfordsville, died Saturday and was buried Sunday at Danville.

Wm. Dodd lost a fine 4-year-old Galton gelding last week at Danville by pneumonia. This was one of the most promising of the Galton family and was valued at \$2,500. He was out of a Thornton mare, 2:30, and had made his mile in 2:19 1/4 and quarters in 30. Messrs. Dodd & Middleton feel the loss keenly.

HELP A CHILD TO FIND A HOME.

The Kentucky Children's Home Society has grown to be one of the greatest child saving agencies in America. The success of the work is due to the good people of our State who have opened their hearts and homes to the homeless, destitute children under our care. Sixty or 70 bright, sweet children are sent to us each month and it is necessary in order to provide for other neglected little ones to find good homes for the children now under our care. Have you a child in your home? If you have, do think you could take another little one to raise and rear into good citizenship? Will you not help us by giving a home or finding a home for a child of any age from infancy to girls and boys of 12 years of age? The Master said: "In as much as ye have done it to one of the least of these, ye have done it unto Me." If you are interested in the work, write for particulars to George L. Sehon, State superintendent, Room 415, Masonic Building, Louisville, Ky.

Men Past 60 in Danger.

More than half of mankind over 60 years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Barnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for 20 years, although I am now 91 years old." Penny's Drug Store.

The man who is mean enough to give his baby sleeping powders in order that he might get a night's sleep is almost as mean as the man who takes his county paper and then refuses to pay for it when his subscription is due and says he does not want the paper any longer, says an exchange.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn, of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. Penny's Drug Store.

NEWS NOTES.

Corporal James Tanner was elected commander-in-chief of the G. A. R. Minneapolis was chosen as the G. A. R. national encampment city in 1906.

Standard Oil interests have acquired the San Francisco Gas and Electric Company.

Many lives were lost by the explosion of the Rand Powder Works near Uniontown, Pa.

William Colletto and his two children were suffocated in a New York tenement fire.

Two persons were killed and nine injured by a tornado 20 miles South of Lawton, Okla.

Work is to begin at an early date on a million-dollar passenger station at Birmingham, Ala.

Mrs. Maggie Kohn, of Louisville, committed suicide after brooding over her own infidelity.

The Georgia State Board of Health has quarantined against all yellow fever infected territory.

Alonzo A. Lewis, of Indianapolis, killed his divorced wife with a razor and cut his own throat.

The earthquake in the southern part of Italy wrecked many villages, and the last reports show a death list of 370.

Maj. Charles R. Miller, of Cleveland, O., has been elected Commander-in-chief of the United Spanish War Veterans.

The Rand Powder Mills at Fair Chance, Pa., were destroyed by an explosion, which killed 19 of the 32 men at work in the plant.

Two Illinois freight trains collided on the bridge over the Obion river, Tenn., killing four men and probably fatally injuring four others.

The salt marsh mosquito at New Orleans is declared to be a more bothersome plague than the fever itself, aside from the fatality involved.

The Capitol Building Commission adopted the Woodbury, Vt., granite in place of the Missouri stone for the foundation of the new Capital.

Figures just compiled by the city physician at Pittsburg, Pa., show a startling decrease of births in spite of a largely increased population.

William Milton Bowman, of Eddyville, died of heart failure. Mr. Bowman was a great nephew of Betsy Ross, who made the first American flag.

Louis Rogers Browning, more familiarly known as "Pete" Browning, formerly a well-known base ball player, died at the City Hospital in Louisville. Mrs. Belle Rose and Albert Harry were indicted by the Lewis county grand jury, charged with poisoning John Rose, the husband of Mrs. Rose. M. Witte, the Russian Peace Envoy, declares the two greatest countries in the world are America and Russia, because they produce men and materials.

Adam Rapp, of Windfall, Ind., was awarded \$1 damages in his suit against W. C. Legg in a horse deal, while the court costs to Legg will aggregate \$1,482.

Mrs. R. Buckner Allen, sister-in-law of John R. Allen, Commonwealth's Attorney, of Fayette county, committed suicide by shooting herself through the heart.

Steve Davis, a Negro, 20 years old, was burned at the stake at Waxahatchie, Tex., for assaulting Mrs. S. P. Norris. He was identified and confessed.

Judge Evans declared the firm of P. J. Potters Sons' Company, Bowling Green, bankrupt, after the bank had withdrawn its response to the original petition.

The Executive Committee of the Board of Trustees of Kentucky State College decided they had no power to make an appropriation for a department of domestic science.

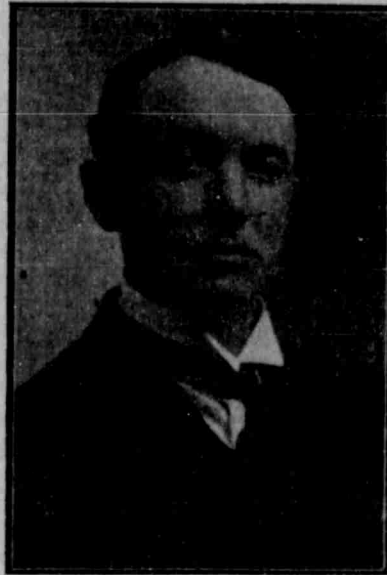

While dressing to attend the wedding of her sister, Miss Kate McVey, to Judge John G. Park, of Kansas City, Mrs. Ed McVey, of Des Moines, Ia., dropped dead of heart trouble.

The Lexington General Council passed an ordinance authorizing the Mayor to sell to the highest bidder the franchise for piping natural gas through the city. Eastern Kentucky is the supposed source of the supply.

B. F. French was fined \$5,000 in Clark county for contempt of court in the alleged enticing of witnesses out of the State in the damage suit of Mrs. Jas. B. Marcum for the murder of her husband. A similar charge against Alex H. Hargis was filed away. James Hargis and Ed Callahan's cases are set for Sept. 25.

A Clear Complexion and Bright Eyes.

In most cases a sallow, blotched complexion and dull, heavy eyes are due to poor digestion and an inactive liver. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels and makes the complexion smooth and clear. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. Penny's Drug Store.

J. W. IRELAND, M. A.,

Superintendent of the Stanford Graded School.

THE Graded School opened its doors yesterday morning with 240 pupils present, the largest first days' attendance in the history of the school. Prof. J. W. Ireland, the superintendent, and all of the teachers were on hand, ready to begin the year's work in earnest. The trustees, Dr. W. B. O'Bannon, Messrs. J. D. Eads, H. J. McRoberts, T. D. Raney and G. L. Penny, and a number of visitors honored the opening with their presence. Rev. Gilbert Glass, after reading a few passages of Scripture, offered a devout prayer, which was followed by entertaining talks by Supt. Garland Singleton, Dr. O'Bannon and Prof. Ireland. The opening exercises lasted about an hour and were enjoyable from start to finish. Prof. Ireland then made a brief address to the teachers and pupils and the scholastic year of 1905-06 began with a zest.

The faculty of the Graded School this year is as follows: Prof. J. W. Ireland, superintendent; R. J. McMullin, high school; Miss Annie Dunn, 7th and 8th grade; Miss Minnie Rupley, 5th and 6th grade; Miss Frances Adams, 4th grade; Mrs. H. D. Phillips, 3rd grade; Miss Annie McKinney, 2nd grade; Miss Georgia Lewis, 1st grade. Prof. Ireland is a graduate of Centre College and has taught four years; first in the Preparatory Department of Centre College and three years as superintendent of the Harrodsburg Graded School. Prof. McMullin, whose home is at Midway, is a graduate of Centre and is well equipped for his duties as teacher of the advanced students. The other teachers are well-known here, where they have very satisfactorily taught for several years.

Miss Ellen Ballou, who has charge of the music department, is a splendid teacher of several years' experience. Her success with the younger pupils is remarkable. Miss Charlotte Warren is at the head of the art department and is more than equal to the occasion.

Hard to Find.

It would be hard to find a more perfect, curative medicine for disordered digestive organs than that gentle tonic digestant, and torpid liver regulator, known as Dr. Caldwell's (laxative) Syrup Pepsin. No other medicine has its specific power over these delicate and important organs of your body, upon which you have to depend for energy to carry on your daily work. It cleanses, digests, stimulates and cures. Sold by G. L. Penny, Stanford, and C. W. Adams, Hustonville, at 50c and \$1. Money back if it fails.

The tremendous crop of wheat in the West may be imagined when it is told that railroad men estimate that it would require a solid train 11,970 miles in length to transport the grain that will be marketed this year. Minnesota and the Dakotas will send at least 190,000,000 bushels of wheat to market out of a total crop of 326,000,000 bushels, and with the other grain and produce that will be hauled it will take 100 trains of 40 cars each every day in the year to clean up the work.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. Penny's Drug Store.

Director of the Mint Robert's estimates an increase of \$7,000,000 in gold production in 1904 over the previous year. He estimates the increase in silver at 3,486,000 fine grains.

The oil production in Kentucky has not been up to the expectations for the past few weeks owing to the cessation of drilling in some of the smaller fields.

All America

\$3.50 AND \$4 SHOES

Are shaped like a foot. All the seams are deeply buried in the leather; the thick, soft lining prevents uneven surface; the insole which is next to the foot, is soft and smooth, the stitches holding the bottom of the shoe together, can not become uneven ridges, because between them and the soft insole is a hard leather sole. The heels must always fit because the counter is curved at both top and bottom; the eyelets are covered on the inside with a soft leather strip. No matter how tight the shoes are laced, they can not pinch the feet. All America Shoes are good looking. They cost \$3.50 and \$4.00 because they could not be made better at a higher price.
